Wellness Exams

Our in-depth preventative care assessments include personalized health plans and screening to proactively address potential health issues and optimize your overall well-being.

Coordination of Care

We provide coordination and collaboration with specialists on behalf of the patient, to ensure a seamless and integrated healthcare experience.

Direct Access

Patients will have direct contact with their internal medicine doctor through phone calls, emails, or secure messaging. This provides easier communication and quicker responses to your health concerns.

Reduced Wait Times

We will prioritize quick access to medical care, reducing wait times for appointments and providing more immediate attention to urgent matters.

Extended Appointment Times

We offer longer and unhurried appointments that allow our physician to thoroughly discuss health concerns, review medical histories, and address multiple issues during a single visit.

Management of new medications & refills of prescriptions
